## Education

### Full Stack Developer (MERN)

Masai School - Full Time  
February 2022 - March 2023

### B.A. in Education

Netaji Subhas Open University  
January 2021 - December 2023

### Higher Secondary

Salsalabari Model High School  
June 2017 - March 2018

## Technical Skills

JavaScript TypeScript

HTML5 CSS3 Chakra UI

Tailwind CSS RESTful APIs

React Next.js Redux

Express.js Node.js Git

MongoDB

## Soft Skills

Teamwork Problem Solving

Attention to Detail Adaptability

## Certifications

Fall Internship Program @  
IEEE Bombay Section

# Hirak Debadhikary

Frontend Developer(React)

## Professional Summary

Dynamic and innovative Frontend Developer with expertise in React.js, adept at creating scalable and high-performance user interfaces. Proficient in leveraging Generative AI to enhance development processes and swiftly adopting new technologies. Strong collaboration and problem-solving skills ensure seamless integration and exceptional user experiences.

## Experience

**Open Platform for Automation | Software and Innovation** | Software Developer April 2024-present

- Developed responsive and scalable web applications using React.js, Node.js, and related technologies, demonstrating proficiency in modern web development practices.
- Efficiently implemented Redux for state management, collaborated in agile teams, and used Git for version control to deliver high-quality software solutions.

**Primewise Consulting** | Web Developer January 2024 - March 2024

- Worked on chatbot projects, implementing features like user authentication and feedback collection, showcasing a strong grasp of dynamic front-end development.
- Managed conversation flow and dynamic responses in a chatbot application, which emphasizes adaptability and the ability to handle complex interactions.

## Projects

**Voice of Health Care** [Live Demo Link](#)

JavaScript React Redux Git Node.js

Express.js MongoDB RESTful APIs HTML5

Responsive Web Design CSS3

- Developed dynamic and interactive user interfaces using React.js, enhancing user engagement and experience.
- Implemented responsive design techniques to ensure optimal performance across various devices and browsers.
- Integrated frontend components with RESTful APIs, enabling seamless communication with the backend.
- Conducted thorough testing and debugging to ensure the reliability and stability of the application.
- Optimized the application for speed and scalability, improving load times and user satisfaction.
